EDUCATION

**University of Energy and Natural Resources (UENR),
Sunyani — Bsc. Computer Science**

January 2022 - Present

Clubs/Activities: Google Developer Students Club (GDSC)

UENR Robotics Club (URC)

PROJECTS

Mall Hall — E-commerce App

Used Next Js and React Js to create an ecommerce app with Sanity as the backend that enables the user to purchase physical products online.

Kwabrafoso Youth Federation — Full stack Website

Used React Js and Sanity to create a full stack church website with an E-commerce page in which flutterwave is integrated in it which enabled more than 200 members to purchase products from anywhere in the country.

Weathering with you — Weather App

Used Open Weather Map with ReactJs to create a responsive web application that provides current and historical weather data via API.

TurnApp — Music Player App

Used ReactJs to create a responsive music player with songs archived already in it.

HerbieCodes — Portfolio Website

Used ReactJs and sanity to create a responsive and user-friendly portfolio website.
