EDUCATION

University of Energy and Natural Resources (UENR), Sunyani— *Bsc. Computer Science*

January 2022 - Present

Clubs/Activities: Google Developer Students Club (GDSC)

UENR Robotics Club (URC)

PROJECTS

Herbie's hoodies — *Shopping Cart App*

Used React Js to create a shopping cart app with sample products which add selected products to the cart and calculate the total amount of money it costs.

Geek Blog — *Blog App*

Used React Js to build a blog app with sample blogs, and also used react-router to create dynamic pages of details of each blog.

Herbie's Recipes — *Recipe App*

Used React Js and Spoonacular API to build a recipe app with sample recipes and used react-router to create dynamic pages for the details of each recipe.

TurnApp— *Music Player App*

Used React Js to create a music player app with playlists and buttons that stop or play the song and switch to the next or previous songs.

Herbiess — *Portfolio Website*

Used ReactJs to create a responsive portfolio website with a dark and light theme.
